## GEO. W. HIGGS

Is still selling groceries—the rains came and the winds blew. The food has come and gone. I am a little disfigured from the effects of the flood but am still in the ring. Competition is said to be the life of trade, the more competition we have the cheaper we sell—I have just received a part of a car of Cabbage, Onions and Potatoes. These will be sold very cheap, nearly like giving them away. I am still hungry for Chickens and Eggs. My trade is still improving every day. Why? Because I sell good Groceries for little money, also have fresh roasted peanuts 5 cents a sack, 5 sacks for 5 cents a sack. I also have a complete line of French Harps 5, 10, 15, 20, 25, 30 and up to 500.

The hens are all on a strike.

## THE OFFICIAL COUNT.

Tuesday's Election in Kentucky Being Counted by Board.

## FRAUD IS CHARGED.

Irregularities Reported from Several Counties and May Result in a Bitter Contest—Both Parties Still Claim the Election.

Louisville, Nov. 11.—It may be weeks or months before Tuesday's election for governor is settled. Hot contests are made over the vote of Knox, Jefferson, Nelson and other precincts in several other counties, and on these depend the result.

The official count of the ballots cast in Tuesday's election is progressing throughout the state. In this city a large crowd gathered at the courthouse to witness the count. Representatives of all the parties were admitted, by the commissioners and the examination of the ballots proceeded in an orderly manner. Judging from the progress already made, the official returns will show no great variation from the figures which give Louisville and Jefferson counties to the Republicans by a plurality of about 3000.

There are no changes in the claims of the party managers. The Democrats assert that Goebel will have a plurality of 3000, while the nominee himself places it at 7000. The Republicans claim Taylor is elected by a plurality of 4000.

The Times Democrat has the following special from London, Ky.

State Chairman A. W. Young of the Democratic campaign committee is at Bardonia seeking to have the entire vote of Knox thrown out. Numbers of the electors allege fraud and charges of irregularities are being filed with the county board. It is believed Taylor's majority will be considerably reduced, if the county is not thrown out entirely.

Official returns from Clay reduce Taylor's majority to 907. No changes have been made by the canvassing board of Laurel county so far. Taylor's majority will remain 931, but complaints will be filed asking that three precincts be thrown out, which will reduce it.

The Times also has the following from Bardonia, Ky., concerning the count in progress there:

"A serious technical error in the vote may increase Goebel's plurality to 1866. In the official count, it was discovered that in every precinct save one, W. P. instead of W. S. Taylor was voted for, and the one precinct, New Hope, gives W. S. Taylor, the Republican candidate, 73, leaving the official vote, as certified to by the two Democratic commissioners, as follows: Goebel 1959, W. S. Taylor 73, W. P. Taylor 1196. The Republican commissioners refused to certify to these figures."

Arrest of Several Democrats.

Frankfort, Ky., Nov. 11.—Baford Williams, Wingate Thompson and Coleman Carr, prominent Democrats, have been arrested by Deputy United States Marshall McCarthy, charging intimidation of colored voters on Tuesday. This makes a total of nine warrants of this kind issued by the Federal court, and it is understood that probably 100 more will be issued.

Crop Estimates.

Washington, Nov. 11.—The November report of the statistician of the department of agriculture will give 25.2 bushels as the average yield per acre of corn, according to the preliminary returns of the department's correspondents. The preliminary estimate last year was 24.8 bushels.

The estimate of the average yield of buckwheat is 17.3 bushels per acre against 17.3 bushels last year.

The average in condition of potatoes is 88.7 bushels per acre as compared with 73.2 bushels.

The average yield of hay is 1.35 tons per acre as compared with 1.53 tons last year.

Concannon's Mind Recovered.

Denison, Tex., Nov. 11.—Dr. Robert Yancey of the hospital department of the Katy, has returned from Sedalia, where he has been for a few days, having accompanied Express Messenger W. S. Concannon to the hospital. Dr. Yancey says that the express messenger is getting along as well as could be wished for, that he has entirely recovered his mind, that his physical condition is good and that he has all his faculties as good as ever.

Hanging at Stephenville.

Stephenville, Tex., Nov. 11.—Tom Wright was hanged Friday for the murder of Constable John A. Adams at Dublin. He made a statement protesting his innocence on the ground of self-defense. He denied that Frank Leslie had anything to do with the killing. Leslie is in jail charged as an accessory to the crime.

Prominent Man Dead.

Little Rock, Nov. 11.—Hon. W. Jasper Blackburn, who represented the Honer (La.) district in the fortieth con-

gress, died at his home in this city, aged 79 years. He was a native of Arkansas, but lived in Louisiana 30 years. Before his health declined a few years ago, he edited the Little Rock Free South.

Hurricane in West Indies.

Kingston, Nov. 11.—A severe hurricane has razed the banana and other crops near Portland, St. Thomas and Morant Bay. Communication with the eastern part of the island is badly crippled.

ELECTION FRAUDS.

Five Men Arrested at Philadelphia upon Serious Charges.

Philadelphia, Nov. 11.—As the result of an investigation conducted by an anti-Quay newspaper, five men, all residents of Washington, are held in jail for court on the charge of repeating, impersonating election officers and making fraudulent returns. The defendants are John P. Sheehan, R. H. Drinkert, William Cook, Harry McCabe and George Kirkland. All but one are said to be in the government's employ.

It developed that Kirkland had been employed by the newspaper mentioned to enter into the conspiracy and is the principal witness. The testimony involved several prominent Republican politicians in this city and a lieutenant of capital police at Washington.

The fraud was alleged to have been accomplished in the Thirteenth division on one of the seventh wards and the election papers of this division were produced in evidence. The returns showed a vote of 337 for Colonel James E. Barnett, the Republican candidate for state treasurer and five for William T. Creasy, the Democratic candidate.

Kirkland, who at the time of his arrest, said his name was George Wright, described the trip from Washington to this city of the alleged repeaters on Monday night. He then related in detail all that happened from the time of their arrival to their arrest at the railroad station on election night.

On Tuesday morning he said, he and William Cook went to the house of Deputy Coroner Samuel Salter, accompanied by Lieutenant Joseph Rogers of the Capital police. Lieutenant Rogers, Kirkland declared, was in charge of the party that left Washington. At Salter's house they met the deputy coroner and John Silverman, one of the election inspectors. Continuing the witness said:

"Salter handed us a number of ballots, folded and sealed, and told us they were to go in the box as soon as we go to the polling place. On our arrival, there, Silverman and Cook unlocked the boxes and we put the ballots in. There were about 200 I judge."

Kirkland said he acted as minority inspector under the name of Clarence McCabe, the regular inspector, and that Cook impersonated E. E. Rankin, the judge of the election. During the afternoon, witness asserted, 15 additional votes were marked by Cook and Silverman and placed in the box. The last 24 votes were handed specimen ballots, which witness thought were destroyed after the polls closed. He said 24 were actually counted and the number returned was "330 or thereabouts."

Kirkland said he acted in the matter at the instigation of a newspaper reporter. He was paid \$15 for his work at the polls by Lieutenant Rogers.

William Halston, the judge of election testified that he was unable to officiate owing to illness and to the fact that in order to do so he would have to resign his position as laborer in the post-office. The clerk at the hotel at which the Washington party stopped said, the bill was paid by a prominent local Republican politician.

Robbed by Highwaymen.

Guthrie, O. T., Nov. 11.—Three highwaymen held up and robbed W. M. Tucker, the proprietor of the store three miles west of Brown, postoffice. They relieved him of all the cash he had on hand, about \$145, and took three overcoats, some shotguns and other articles from the store. They were not even masked, and it is likely that Tucker will be able to identify them. They were on horseback, and were seen at Brown postoffice going west a short time before the robbery occurred.

Tyler, Tex., Nov. 11.—The Jim Nite case will be submitted and argued in the court of criminal appeals on Nov. 22. Nite was given a life sentence for murder during the robbery of the Longview bank in 1894.

Mules for the British.

Kansas City, Nov. 11.—A special train of 12 cars of mules from the Kansas City stock yards started for New Orleans Friday bound for The Transvaal. This is the second trainload of mules purchased in this market.

Fatal Lamp Explosion.

Lancaster, Tex., Nov. 11.—Alice Thurman, a colored woman, was perhaps fatally burned and an infant smothered to death in the south part of town by a coal oil lamp exploding.

Scarlet Fever Cases.

Elgin, Tex., Nov. 11.—Scarlet fever broke out in town one day last week. Amos Culp lost two children from the disease. The public school has closed on account of the fever. It is not scattered much as yet.

## HONORS FOR A & M.

Sewanee Says They are the Best Team They Have Met.

Though the score stood 10 to 0 in favor of Sewanee, in the game at Houston between Sewanee and College, yet the A. & M. boys gave the victors a hard game, and challenged their admiration. They also challenged the admiration of all who saw the game, and the fact that the Sewanees say they, the A. & M. college boys, are the best team they have met this season, after they had played the Varsity the day before, shows up strongly in favor of the college contingent, notwithstanding the result at San Antonio.

In its report of the game the Galveston News says:

It looked like A. & M. would win in the first part of the game, several gains of five or ten yards being made. Seemingly college had a fresher and heavier team. The ball passed back and forth and was finally downed behind the A. & M. goal. Pierce missed goal for Sewanee—score 5 to 0, Sewanee.

Second half was played in very much the same style. Sewanee made the touchdown—failed to kick goal. The playing of neither team being for any period of time fast or snappy. Both teams played good ball, the college showing weakness in kicking compared with Sewanee's performances in that line.

Experienced football men say that Texas A. & M. college team compared favorably with Sewanee's eleven. With more practice and experience the college could have won today's game. The

## FOR SELF-GOVERNMENT.

Edmunds Says This Should Be Given to Natives of the Philippines.

Philadelphia, Nov. 11.—Former Senator George F. Edmunds expressed the opinion as the senate ratified the treaty with Spain, thereby the United States became the sovereign power over the Philippine islands, "the situation must be dealt with as it is and not as we might wish it should be."

"The United States," Mr. Edmunds says, "is responsible as a sovereign to all other nations for the security of their subjects and in respect to all international rights."

"But it is entirely consistent with the right and duty of congress to determine whether it will compel the people of the Philippine islands to be our subjects or citizens, or whether it will say to these people that if they will cease hostilities and cooperate with us in preserving peace and order until they can establish, with our assistance and under our protection, a government of their own and enable us to have the right to see to it that they do, when their government is so established, preserve peace and order and deal justly with our citizens and those of other countries, we will aid them in every proper way to accomplish that purpose."

"I think the short question for the congress and the people of the United States is whether the principles upon which our government was founded and the principles upon which three-fourths of a century ago we recognized and assisted in setting up the Central and South American republics, are still true ones, and ought to be followed. I think it a mistake to suppose that these principles and policies are out of date."

Mr. Edmunds, who is honorary president of the Philadelphia branch of the American Antiimperialist league, has drafted a memorial to congress, copies of which will be circulated for signatures in various parts of the union, asking it to pass a law declaring it is not the purpose of the United States to force Filipinos to be subjects of other countries, but to assist, protect and defend the people of the islands in forming and maintaining free, equal and independent self government organizations.

## WILL HOLD HIS PLACE.

Congressman Smith Will Not Resign until He Is Made Governor.

Baltimore, Nov. 11.—A precedent having been established in the case of Governor Hill, who a short time ago held a seat in the United States senate as well as the governorship, John Walter Smith, the newly elected Democratic governor of Maryland, will, it is said, keep his seat in congress until his inauguration as governor, the second Monday in January next. He was elected to congress from the first district last November. Mr. Smith, as a representative of the tidewater section of Maryland, is deeply interested in the river and harbor bill and he also wants his opinion on the Democratic presidential nomination to become known. He is a sound money Democrat. The governor must decide when a special election for congressman shall be held in the district. The probable Democratic candidates for these nominations are ex-Governor Elihu Jackson, ex-Congressman Joshua W. Miles, State Senator W. F. Applegate and ex-State Senator Thomas A. Smith.

## GUARD ATTACKED.

He Is Considerably Used Up, but Recaptured One of His Prisoners.

San Antonio, Nov. 11.—A terrible fight between a sentinel and two military convicts seeking to escape occurred near Fort Sam Houston on the western edge of the city. Private Allen, of the first battery, was guarding Private Woods of battery G, and Private Kearns of the Sixth infantry, two one year term prisoners, at work near the government sawmill, when the prisoners turned upon Allen and got his gun from him, inflicting a terrible wound on the guard. Allen fought desperately and regained his rifle, whereupon Woods and Kearns fled in opposite directions. Allen fired several shots at the fleeing convicts, and succeeded in recapturing Woods, but Kearns managed to secure a horse and escaped.

## Another Davis Monument.

Richmond, Nov. 11.—The Daughters of the Confederacy, who will undertake the erection here of a monument to Jefferson Davis, intend to inaugurate a vigorous campaign for the funds at once. It is hoped the work may be accomplished in two years. While the design for the monument has been adopted and the cornerstone laid at the reunion here three years ago, the daughters are free to make any change they wish. There are no limitations placed around them. They will probably decide upon a \$150,000 memorial. About three-fifths of this is in hand or subscribed. The council of Richmond has agreed to provide any other site that may be preferred, if it is decided the monument shall not be put in Monroe park, where the cornerstone has been laid.

## May Save Their Lives.

Washington, Nov. 11.—The four soldiers who were sentenced to death at Manila now stand an excellent chance to save their lives. Irregularities have been discovered in the proceedings of the courtmartial, which may bar the death sentence entirely.

## Killed Sweetheart and Himself.

Paducah, Ky., Nov. 11.—Joseph Enders, an engineer, shot and killed his sweetheart, Dora Shyer, and afterwards blew out his own brains. The tragedy was caused by the attempts of the girl to rid herself of the attention of Enders.

## CROKER'S BELIEF.

Says Imperialism and Trusts Come Before the Silver Question.

New York, Nov. 11.—Richard Croker declares that in his opinion antiimperialism will be the chief plank in the Democratic platform of 1900, that a declaration against trusts will be second in importance and that the money question will be forced into the background. He made these statements in reply to questions submitted to him.

First, he was asked what effect he thought the recent elections would have on Bryan's chances for renomination next year.

"I do not care to answer that question now," he replied. "It is too early to talk of candidates. Mr. Bryan, as I have frequently said, is a splendid representative of the plain people and stands for their welfare, but as to him or anybody as a candidate, it would be foolish to talk so far ahead of the convention."

Next Mr. Croker was asked what he thought the battle cry of the Democracy would be next year.

"Antiimperialism will be heralded plainer than all others," he answered. "It will be the biggest issue and the best help to the party. After it, I believe will come opposition to trusts, which are becoming more numerous and more dangerous every day the Republican party remains in power."

"These issues, I think, will go ahead of the money question. I do not believe the party will consent to be absolutely committed to the ratio of 16 to 1."

"I do believe that the majority of the people are in favor of bimetalism and are content to go no further than that in the declaration to be made in a party's platform. Congress is the body to settle the currency question, and it is my opinion that the best thing to be done is to declare for bimetalism at a just ratio and leave it to congress to settle what the ratio shall be. A Democratic congress can be depended upon to do the proper thing."

## VENEZUELAN REVOLT.

Castro Threatens to Bombard the Town of Puerto Cabello.

Washington, Nov. 11.—If General Castro observes the usual requirements of international law no objection will be made by the American representatives to the bombardment of the Venezuelan port of Puerto Cabello.

Authorities here are considerably puzzled over the situation in Venezuela. When General Castro was leading the insurgent forces toward Caracas his troops occupied Puerto Cabello but evacuated it when President Andrade fled from the capital, his men holding the forts at Puerto Cabello declined to surrender and a blockade of the port announced. This blockade was subsequently raised, according to advices received by the state department. Who is holding the port is a question.

General Davis, governor general of Porto Rico, has wired that President Andrade had arrived at San Juan and is being closely watched to prevent the organization of an expedition designed to reinstate him in his native country.

General Hernandez is opposing de Castro, and it may be that his friends are in force at Puerto Cabello.

Minister Loomis advised the state department several days ago that General Castro was making preparations to reduce Puerto Cabello, but a press dispatch printed after the receipt of this message announced the surrender of the force there. It is understood that in case of a bombardment Commander Hemphill, commanding the Detroit, now at Legayra, will proceed to Puerto Cabello and give such protection as is proper to American and German interests which he has in charge.

## PERISHED AT SEA.

Ten of the Crew of a Schooner Die of Hunger.

Philadelphia, Nov. 11.—News has been received here that the Philadelphia schooner William M. Bird, from Charleston, S. C., to New London, Conn., was wrecked in the October hurricane off Frying Pan shoals, North Carolina, and 10 of the crew, including Captain Barrett, perished. Two survivors, George Loud, the mate, and George Robinson a seaman, was landed at Salisbury, Md., by the schooner Beacham, from Jacksonville, Fla., which vessel rescued them on the afternoon of Nov. 8, about 25 miles southwest of the Frying Pan lightship. The survivors had been without food or water for 90 hours and suffered great hardships, having chewed the leather of their shoes to keep from starving. They have not recovered sufficiently to tell just how their comrades perished, but they state in an incoherent manner that the men were swept off one by one from the wreck as their strength grew weaker and were drowned.

## Given a Life Verdict.

Daingerfield, Tex., Nov. 11.—The jury in the Joe Thomas murder case have returned a verdict of guilty of murder in the first degree and assessed his punishment at confinement in the penitentiary for life. Thomas, who is a negro, killed Ex-Sheriff J. W. High at Naples in this county, on the night of Dec. 27 last. Excitement ran very high for a while immediately after the killing and Thomas was taken to Tyler for safe-keeping. He escaped from the Tyler jail and walked back to Naples and gave himself up and was again placed in jail here, where he has been ever since. The trial was commenced last Monday morning and the case was in the hands of the jury 24 hours.

#### "THE NOMINEE."

From the Vicksburg Sunday Herald:

Despite the very short notice given, a very good matinee house turned out yesterday afternoon to

witness Mr. Walter Walker and his talented support in the presentation of Henry Guy Carter's three-act comedy, which the famous Nat Goodwin made a pronounced success. In view of the fact that this was but the second performance by Mr. Walker's company, of this play, it must be said that the play was most creditably rendered.

It is an American comedy, pure and simple and will easily take rank with the best in that line. Mr. Walker is very fortunate in his support, which is able and up-

to-date, though he himself, as "Jack Medford," is the very life of the play—in fact the success of the play itself hinges on the rendering of "Jack Medford," "Mabel Medford," and Mrs. Van Barclay, the awful mother-in-law. This is a play that presents excellent opportunities for individual actors, and of these the members of "The Nominee" company avail themselves.

There should be a good turnout on Tuesday night, as the play is well worth seeing.

The Eagle is in receipt of volume 1, No. 2 of the Dickinson Journal, just established at Dickinson by J. G. Anderson, Jr., who is editor and publisher. John was formerly a Bryan boy. We wish him success. His paper is a neat folio weekly, and is devoted to local news and the development of Dickinson's horticultural interests.

Hon. Robt. Henry shook hands with friends in Bryan yesterday, and exchanged felicities with political friends on the result of the elections. Mr. Henry thinks the big reduction of the republican vote everywhere, augurs well for Bryan and the democratic party.

Miss Lizzie Hillier, of Franklin, is visiting her friends, the Misses Wallace.

Mr. L. Stoddard Taylor, the gentlemanly and efficient advance agent of "The Nominee" company, was in the city yesterday.

#### THE UNVEILING TODAY.

The program of the unveiling ceremonies by the Woodmen of the World at the cemetery here today has been published in The Eagle, and no further details are needed now, except to state that Judge V. B. Hudson will deliver an oration at the unveiling ceremonies.

The citizens generally of the town should assist the Woodmen as far as they can to make the visitors who are expected to be present feel at home and enjoy their stay in the city. The opportunity to do this is presented especially by the meeting at the opera house tonight, to which everybody is invited.

Elder Jewell Howard of Waco, pastor of the Christian church here, has consented to preach at the opera house at 8 p. m. instead of at the Christian church as heretofore announced. It is needless to say that this talented young minister will deliver an interesting and instructive sermon, which will amply repay all who will come out to hear him.

All the exercises of the day are of a sacred character, the main feature being a tribute by his fellow craftsmen to the memory of one of our most respected citizens, who has passed away. Let all who knew and honored Mr. J. C. Williams in life, join in the honors to his memory.

#### The Old Maids.

The amateur theatrical talent of Bryan essayed a farce comedy last Friday evening, entitled "The Old Maids' Convention." The piece furnished a good setting for some good jokes by the ladies on their husbands and friends and on each other as well, and also afforded opportunity for some good vocal and instrumental music, the selections by Miss O'Bar and by Miss Bell being especially well received. Mr. and Mrs. Arnold Weslow organized the entertainment, and they are to be congratulated on the success of their effort.

The wit and humor with which the play sparkled, however, were the work of the ladies of the cast, and consisted of many happy thrusts and home hits.

#### Postponed Again.

Members of the Shakespaere club will take notice that their regular meeting, postponed from Friday night last, until tomorrow, Monday night, is now postponed again until Tuesday night. Monday night date was found to conflict with the meeting of the Quartette club, to meet that evening at the residence of Mrs. J. K. Davis. The Shakespaere club will meet Tuesday night with Mr. W. G. Talliaferro.

The young ladies of the Episcopal church have invited their friends to a birthday party at the residence of Mrs. F. I. Garth Friday, Nov. 17th, 1899, from 4 to 6 and 8 to 11 o'clock p. m. This in the celebration of the birthday of each guest, who is requested to return the invitation card with as many cents as the sender is years old. A nice little poem on the invitation card explains the scheme.

P. N. Causey and W. P. Burkhalter was here from Wellborn yesterday.

Dr. Nicks was in the city yesterday from Stone City.

## EAGER FOR THE NEWS

British Fear Censored Dispatches  
Keeping Back Great Losses.

### FEAR FOR WHITE.

It Is Not Believed White Will Risk Im-  
portant Messages to the Pigeons.  
Boers Preparing to Make a  
General Attack on Him.

London, Nov. 11.—The last of the in-  
fantry battalions under orders for  
South Africa, have left England, and  
the last of the hussars have also sailed,  
leaving in the household regiment only  
a cavalry to be dispatched, and last, but  
by no means least, the first battery of  
the Howitzer artillery has started.  
Great things are expected of the How-  
itzer battery, of which there are only  
three in the British army. Their five  
inch breech loaders are claimed to be  
superior in character and are expected  
to be particularly serviceable in remov-  
ing the Boers from the hills.

The entire absence of news of any  
importance is having its effect on the  
nerves of the country and references in  
censored dispatches to heavy losses  
heightens anxiety. It is pointed out in  
the absence of serious news that such  
dispatches as had been received from  
General White prove nothing, as the  
general is not likely to send by pigeons  
anything unpleasant or indicative of  
anxiety as the carriers are liable to fall  
into the hands of the Boers.

There are signs that a greater part of  
the Boers are concentrating between  
Ladysmith and Colenso, but stories are  
so contradictory that it is impossible to  
assert this absolutely. If true, it is  
pointed out that while it cuts off Ladys-  
smith the risk to the Boers is also great,  
for it will give General White a great  
chance to intercept their retreat when  
Lord Methuen's division advances from  
the southward, unless in the meanwhile  
General Joubert succeeds in crushing  
the beleaguered garrison. That the lat-  
ter is completing preparations for a  
series of desperate attacks on General  
White's position is not doubted and  
heavy fighting may be heard of at any  
moment.

Advices from Pretoria says the bom-  
bardment and attack on Kimberley be-  
gan Tuesday.

A dispatch from Durban says a large  
force of men and guns from the British  
first-class cruiser Terrible started for the  
front on Wednesday.

It is reported from Cape Town that  
a Boer force from Smithfield has crossed  
to the frontier at Bethulie. It is es-  
timated they are 4000 strong.

The Basutos continue faithful to the  
British and refuse to reap the "Orange  
Free State" crops, which are rotting.

It is officially announced that the  
troopships Yorkshire, Lismore Castle  
and Aurania have arrived at Cape  
Town with 3676 troops. The two first  
named immediately proceeded to Dur-  
ban. It is supposed the Aurania's  
troops will be landed at Cape Town.

### RELIEF FOR WHITE.

It Will Be Two Weeks Before Troops  
Can Be Started.

Copyrighted 1899 by the Associated Press.

London, Nov. 11.—Advance to the re-  
lief of General White can hardly start  
for a fortnight and in the meantime  
whatever happens at Ladysmith, little  
of the news is likely to reach London.  
A lull gives an opportunity for discus-  
sion of Great Britain's political and mil-  
itary position. In the beginning it will  
be asked whether, looking at present ex-  
perience, the British army is equal to the  
national needs.

Lieutenant Colonel Wolfe-Barry of  
the engineer and railroad volunteers' staff  
corps, says: "In military matters Great  
Britain is trading with insuffici-  
ent capital. She ought to add 100,000  
men to her army."

George Bernard Shaw, the author, in  
an ironic mood asks "how Tommy  
Akin" can be expected to shoot as well  
as the Boers, when the nation begrudges  
the money to enable him to practice."

The public are beginning with some  
anxiety to wonder what would happen  
should any great power take the oppor-  
tunity to attack Great Britain.

The frankness of the duke of Cam-  
bridge, Lord Salisbury and General  
Wolsey regarding the unpreparedness  
to meet the Boers, promises some lively  
times for the government when parlia-  
ment reassembles.

Altogether nothing would be more  
welcome under the present circum-  
stances to the British public than the  
evidence that the United States, Great  
Britain and Germany were working  
amicably together in the interest of  
peace.

In connection with the reported An-  
glo-American understanding regarding  
the open door in China, Japan's attitude  
in far eastern affairs are much can-  
vassed. Several correspondents in China  
talk of a coming conflict between Japan  
and Russia over Corea. A letter from  
Seoul, which appears in The Times,

"The Japanese are convinced that to  
permit Russia to acquire Corea or es-  
tablish Russian ascendancy in northern  
China will be strategically, politically  
and commercially a deadly menace to  
Japan's rapidly developing strength.

Japan believes her navy strong enough  
to attack Russia and the general opin-  
ion is that the interests of the two na-  
tions are so conflicting that it will be  
impossible to avoid ruptures in the near  
future.

The Spectator discusses the matter  
and thinks such a conflict is extremely  
probable, but does not see any cause for  
Great Britain to interfere. "Let the  
bear and shark fight their quarrel for  
themselves while we with America in-  
sist upon the open door policy."

### MESSAGES FROM BULLER.

War Office Received Two Telegrams as  
to the Situation.

London, Nov. 11.—The war office has  
received from General Buller the follow-  
ing dispatch:

"Cape Town, Nov. 10.—Reconnoiter-  
ing force from Orange river had a skim-  
ish with the enemy Friday about four  
miles east of Belmont. Casualties in  
Northumberland fusiliers were Colonel  
C. E. Keith-Falconer, killed, and Lieut-  
enants Bevan and Wall wounded. In  
the North Lancashire regiment Lieut.  
Wood and two privates were wounded."

The war office has received from Gen.  
Buller the following message:

"Kimberley, Nov. 6.—The wounded  
are progressing satisfactorily. Two un-  
armed natives have been shot by the  
Boers at Alexanderfontein. The con-  
servancy post to the South Kimberley  
reservoirs have been missing since Nov.  
4. It is supposed to have been cap-  
tured by the Boers. Browne Beacons-  
field, having ridden beyond the barrier  
is missing. It is supposed he was cap-  
tured."

### Transport Foundered.

Brest, France, Nov. 11.—Rumors are  
in circulation here that a British trans-  
port foundered off the coast of Brittany,  
on the coast of Brittany.

### Offer of Fifteen Millions.

Colorado Springs, Nov. 11.—The large  
sum ever offered for a Cripple  
Creek mine—\$15,000,000—has been re-  
fused by the Woods Investment com-  
pany for the Gold Coin at Victor in the  
Cripple Creek district. The offer was  
made several days ago by London cap-  
italists, whose names are withheld.  
The Gold Coin is paying but \$10,000  
monthly in dividends, but the develop-  
ment work has scarcely been entered on  
yet. The company's properties under-  
lie Squaw mountain. Their present  
success has helped to make Victor, Crip-  
ple Creek's formidable rival.

### Two Negroes Killed.

Birmingham, Ala., Nov. 11.—Doc  
Herring and William Grout, two ne-  
groes, were shot to death in a race war  
at Henry Ellen, in this county. In the  
Price & Stevens' mines at Henry Ellen,  
a quarrel took place between some white  
men and negroes. Herring and Grout  
were on their way to open up the fight,  
which they had threatened. They were  
well armed. They were shot down on  
the road, and shotguns were thrown  
down besides their bodies by the whites  
as a warning. Further trouble is anti-  
cipated.

### Jackpot's Big Output.

Colorado Springs, Nov. 11.—The Cres-  
ton Leasing company, of Creston, Ia.,  
declared a dividend of \$2000 a share, of  
\$92,741.70, a total since June 1898, of  
\$400,000. Three years ago 31 Creston  
people obtained a four year's lease on  
the Jackpot, then a worked out Cripple  
Creek gold mine. They sunk money for  
18 months, when the present phenom-  
enally rich vein was encountered. The  
Jackpot last month paid \$50,000 divi-  
dends from royalties on the lease. Crip-  
ple Creek owes much of her develop-  
ment to other leasing companies.

### Battle Flag Returned.

Fort Scott, Kan., Nov. 11.—Major  
Martin, of company F, of the Twentieth  
Kansas regiment, publicly returned to  
the Christian Young People and the  
Young Men's Christian association of  
this city, a large silk flag which they  
had presented to the company nearly  
two years ago. The flag was carried  
through 27 engagements in which the  
company participated in the Philippines.  
It was the only flag carried by the  
Twentieth except the regimental flag.

### Twenty Years' Litigation.

Fort Worth, Tex., Nov. 11.—An im-  
portant civil case has been decided in  
the Seventeenth district court after hav-  
ing been in the higher and lower courts  
the past 20 years. The property in-  
volved was a tract of 1500 acres of farm  
land near Blue Mound, this county, val-  
ued at about \$40,000. Suit was brought  
by R. H. Kirby et al. vs. C. L. Estell et  
al. to recover an undivided one-half in-  
terest. The verdict was in favor of the  
defendants.

### Novel Suit for Damages.

Washington, Ind., Nov. 11.—Miss Ida  
Whittaker has filed a novel suit for  
damages in the Greene circuit court.  
She alleges John Burchan, a wealthy  
farmer, turned a drove of sheep into a  
pasture. No fence separated the pasture  
from the house in which she lived, and  
one day when she was in the yard a ram  
butted her so severely that she sustain-  
ed permanent injuries. She asks the  
court to give her judgment against the  
owner of the ram for \$5000.

### Suspicion of Murder.

Burlington, Ia., Nov. 11.—The body  
of R. C. Crawford, a wealthy resident of  
Middletown, Ia., who was found dead  
in his barn yard several weeks ago, was  
exhumed and the stomach was removed  
to be sent to Chicago for analysis. The  
sons of Mr. Crawford believe he was  
poisoned. The deceased left a large  
estate, the division of which caused the  
suspicion of murder.

### Killed by a Train.

Houston, Nov. 11.—Robert White, a  
negro 60 years of age, was run over and  
killed by an incoming passenger train  
on the Houston and Texas Central.
